The foundation has usually one goal per year. This year is The Graduate Internship Program the goal, this program is all about recruiting and training interns, often for their first work experience. Interns are placed in the foundation with the aim of helping partner organisations (Wission, Welbewust Psycholoog, Agodeo, Orange Sellers, Desert Beauty, Sinner). Trainees are supported in their development by a supervisor who monitors and controls the performance of the tasks entrusted to them. Slack (Software) and open channels of communication will enable smooth and regular monitoring and mentorship.

Stichting O Foundation was founded by the contributions of young professionals, under 25 years old, from all over the Netherlands, including from the University of Amsterdam, University of Utrecht, University College Amsterdam, University Tilburg, Radboud University Nijmegen, and Hogeschool Amsterdam. An important contribution is made especially by the Erasmus students who, with their work and vision, provide a dynamic environment in which to work.

A report of the activities that have already been carried out:

The Graduate Internship Program is built and structured upon the needs of new graduates looking to make a transition from the student routine to a professional lifestyle. Over the last 8 years, OFoundation had the honour to transform the lives of hundreds of graduates looking to take a step forward. We are very successful because most of the trainees have found a job that satisfies them by the end of their training period in our foundation. OFoundation wants to ensure interns reach their potential, no matter the circumstances.
